

The area of land is owned and maintained by Northumberland County Council.

The Green Spaces Officer has confirmed that they would have no issue with an additional goal being installed.

The goal being used presently has no net.

A very quick research of costs has resulted in the following as the most suitable for this area.

12 X 6FT A goal that not only withstands the elements, but demanding daily use as well. The 76mm round steel frame is backed by out three year extended warranty which makes this the ideal goal for use in public parks.

A goal that not only withstands the elements, but demanding daily use as well. The 76mm round [Show More](#)
