

Costs for Graffiti Art in Bus Shelter

AGENDA 9, Enc v)

Costs provided by John Craggs to Northumberland Youth Service

Each bus shelter would take one day to complete, from wire brushing old flaky paint and priming to finished artwork.

My daily artist rate is £200.

Materials cost is £10 for masonry paint, £100 for spray paint per shelter.

Designs are £50 per bus stop.

It is best to work with no more than 3 people per shelter as it means they get more to do and a better experience.

I am currently available Wednesdays in August but it tends to get busy during summer holidays.
