Costs associated with the event so far are:

Hire of WC including accessible WC/baby change	£ 265.00
Island Extreme Competition and Team costs	£1,000.00
NBK Leisure	£1,850.00
St. John Ambulance	£ 238.00
Painted Faces	£ 250.00
PA & Entertainment	£ 150.00
Flyers Printed	£ 145.00
Total	£3,898.00

We were approached by a local company offering pony/unicorn rides but there isn't the budget for this. Likewise, last year we had a tea-cup ride costing £320 but increased cost for WC hire (+£115) and First Aid (+£142) reduces the funds available. The cost of flyers has been reduced by £20 so there are some savings.

We have some new 'no cost to the Council' attractions as a result of great support from the community groups mentioned above, some who have been involved previously have not responded to requests for support but may come along at the last minute.

During and following this years' event, it would be worthwhile looking at whether the Council is achieving value for money and/or whether the budget should be increased for this event.

Councillor Support

On the day, the most advantageous way that members can help is in seeking feedback from members of the public on the event; what they would like to see, any improvements.

If this is something that members would be happy to do, the Clerk will produce a feedback survey, to enable the Council to evaluate the event.
