

PRUDHOE TOWN COUNCIL
CHRISTMAS LIGHTS INVENTORY AND SPECIFICATION: INVITATION TO TENDER 2020-2023

The successful contractor will be required to collect and store the lights from April 2020. During this time, they should be fully tested and ready to be installed prior to the Christmas Lights switch-on which is on the last Friday of November each year.

This is a 3-year contract for which the successful contractor will be required to dismantle the lights each January and store them until the end of the contract; 31st March 2023.

Contractors are expected to include within their tender all costs associated with installation, dismantling, testing and programming, those lights installed and in storage. Any repairs or additional lights required would be quoted and costs approved prior to being carried out/purchased.

Contractors are expected to be able to attend promptly in the event of a fault, or damage occurring during the display period, a call-out cost should be submitted with the tender.

Contractors are expected to attend the lights switch-on event where possible.
